FORTÍN DE LAS FLORES, VERACRUZ, MEXICO

For the city of Fortín de las Flores, we have reconstructed and optimized the public lighting. As part of the reconstruction, we have delivered 1,000 units of IGLO LED luminaires. The new lighting in Fortín de las Flores has significantly

improved living conditions by increasing the level of illumination. The client's total operating costs were reduced by 58%.

	Original installation	ARGIA lighting solution
Type of luminary	AM 100 W	Iglo LED
Number of luminaires	1,000 unidades	1,000 unidades
Total Input	130 kW	75 kW
Consumption kWh/year	570,020 kWh	328,500 kWh

The original sodium gas discharge lamps were replaced with modern dimmable LED luminaires, thanks to which the client increased the level of illumination.
